ABSTRACT

Information on degree and certificate programs and the rate of student completions for fiscal year 1984-1985 at North Dakota postsecondary institutions is presented. Information is categorized by program level and by type of institution. For the two- and four-year institutions, the chief administrator is identified. Data are provided on tuition (for full- and part-time resident and nonresident students), fees, room and board fees for the 1985-1986 academic year, and highest level of program offerings. Information is also provided for state-supported institutions, private institutions, and community colleges on: 1- and 2-year program offerings by subject, bachelor's degree offerings by subject; and master's and doctoral degree program offerings by subject. In these tables the type of graduate program is identified: master of science, specialist, Ph.D. or doctorate in education (Ed.D.), and professional. In addition, for public and private institutions, statistics are presented on the number of students completing programs at each educational level by subject area. (SW)

INTRODUCTION

This report provides information on degree and certificate programs offered and student completions for fiscal year 1984-1985 in North Dakota postsecondary educational institutions.

Institutional programs are coded, in accordance with the National Center for Education Statistics classification of instructional programs system. To assist readers, programs have been organized by level of offering.

Information included was provided by administrators at each institution. Those institutions that do not have complete data did not respond to all the Board's requests.

Individuals desiring additional program information about vocational-technical programs should check the directory published by the State Board for Vocational Education. Students desiring information about institutional tuition, fees, room and board rates and financial aid should contact the institutions admissions office directly.
